

Dear CIBA Foundation,

I am so sorry to be attaching the thank you letter to this email for the CIBA Grant to Janus in the amount of \$3,008.00, but I do not have a physical address to send it to. I received your check in the mail today and we are thrilled! We are so excited to offer bike rides to our participants that are not physically able to peddle a bike. We are going to have some very excited people that can go out on bike rides with their friends now. This is so life changing. I can not thank you enough for this. I am so sorry I did not have a good address to send this thank you note to. I am one of those people that must have a thank you note out right away. It seems to be a lost artform anymore. Please know we are really thrilled and very thankful.

Enjoy the July 4th Holiday
